LEE'S SUMMIT MEDICAL CENTER

We are thrilled that you're interested in volunteering at Lee's Summit Medical Center. This brochure will answer some of the questions you may have about what it means to be a volunteer that helps us provide the best in patient care.

THE COMMITMENT

Quite simply, we cannot run our hospital without the help of thoughtful and caring volunteers like you. It is with the utmost respect for your desire to help that we must add that the single most important quality you can bring to your role as a volunteer is: Commitment! The minimum requirement for one of our volunteers is 100 hours of volunteer time annually. (That works out to be approximately one 4-hour shift per week for 7-8 months).

It is vital that once you make this commitment, you attend your shifts regularly. Consistency is critically important for you, the hospital, patients and staff to enjoy a successful relationship
